

# LET'S FACE THE TRUTH ABOUT ABORTION

***The secular media is not giving you the REAL FACTS when it comes to ABORTION***

**FACT:** In the United States it is legal to abort a baby for any reason until the day of birth.

**FACT:** Every day in American about 3,600 babies die painful deaths by dismemberment, chemical poisoning, lethal injections into the heart or being torn from limb to limb.

**FACT:** The abortion industry routinely sells parts from aborted babies including brains, eyes, livers, lungs, kidneys, etc. to researchers. Each baby part has a catalog number and a set price.

**FACT:** Many women who have abortions suffer both physically and mentally. Depression, anxiety, grief, guilt feelings, infection, sterility, and even death are not uncommon results of abortion.

**FACT:** Only 1% of abortions are performed as a result of rape or incest. Most abortions are done because the baby is "inconvenient", "too expensive" or "a burden".

**FACT:** In Maryland, a teenager can have an abortion without the knowledge or consent of her parents. In Maryland, approximately half of all abortions are repeat abortions.

**FACT:** Planned Parenthood is the flagship of the abortion industry and raises about \$900 million a year, approximately 6 times the combined annual budgets of America's 40 largest pro-life organizations who are fighting abortion.
