

# VOTE “NO”

this November on the  
Reproductive Freedom/Liberty Amendment.

**Did you know, in Maryland...**  
...abortion is already legal up until birth?  
...your tax dollars are paying for it?  
...your tax dollars also train people who are  
not even doctors to perform abortions?

And now some Legislators want to enshrine this in  
the Maryland Constitution, and anything that could  
possibly fall under the term  
“Reproductive Freedom,” which could include  
transgender surgery for minors with no parental  
rights, forcing doctors against their will,  
and even cloning!
